ACKNOWLEDGEMENT

I have great pleasure in submitting this project report on "**Online Exam Management System**" to Kavayitri Bahinabai Chaudhari North Maharashtra University, Jalgaon.

It is humble brief that any project report can be carried out with success by a single person. Many other personalities helpings to accomplished this project and it is my duty to express our appreciation to them.

I am indebted to Prof. Vishveshwari Neve mam for helping me as guide and allow me to do the project report at their site.

I wish to thank the teaching staff, our friends and persons who help me directly or indirectly for completion of project report.

Neha Anil Bakshe
(MSC (comp)).

Conclusion:

There are merits and demerits of an online examination system, as mentioned above. While technology continues to simplify processes for educational institutions, educationists and students, it has limitations. However, choosing the right online examination platform can help you avert such drawbacks. An easy-to-use, robust, secure examination platform with all the latest AI-based anti-cheating measures enables you to get credible results quicker.
