Guidelines for Dissertation -:

The aim of the dissertation is to provide you with an opportunity to further your intellectual and personal development in your chosen field by undertaking a significant practical unit of activity, having an educational value at a level commensurate with the award of your degree

The dissertation can be defined as a scholarly inquiry into a problem or issues, involving a systematic approach to gathering and analysis of information / data, leading to production of a structured report.

- It is usual to give you some discretion in the choice of topic for the dissertation and the approach to be adopted. You will need to ensure that your dissertation is related to your field of specialization and region wise.
- The student will submit a list of his/her three most preferred topics in the order of preference by the third week of the fourth semester to the concern teacher of the parent department.
- All post graduate teachers in the Department will be guides for the project component. All teachers shall have equal number of students allotted for the dissertation.

- The marks given by the members of the evaluation committee will be averaged in each head and the total marks decided by totalling the averages under the three heads.
- Dissertation Submission The student will submit a bound hard copy of the dissertation to the Department by the end of the fourth semester.
- The final dissertation will be typed in one and a half spacing on one side of the paper. The APA style shall be followed for the writing of dissertation.

Guidelines for the Assessment of the Dissertation
