Department of Chemistry

Name of the Programme: Certificate Course

Date of the Programme: 30/03/2023

Venue of the Programme: Online

Number of beneficiaries/Participants: 50

Brief Summary of Programme:

Within our department, we take pride in offering two valuable certificate courses: 'Certificate Course in Soil Analysis' (30 students) and 'Certificate Course in Food Adulteration' (20 students). These courses are meticulously designed to equip students with practical skills and knowledge in the respective subjects. Upon the culmination of each course, a comprehensive objective examination was administered to assess the students' understanding and proficiency.

Remarkably, all the students who undertook these courses demonstrated a commendable level of mastery by successfully passing the examination with favorable marks. This achievement reflects their dedication and hard work in acquiring the specialized knowledge and skills imparted throughout the courses. In recognition of their accomplishments, we are pleased to have provided completion certificates to each student who satisfactorily fulfilled the course requirements.

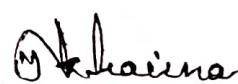

For the students who participated in these certificate courses, the gains were realized such as Specialized Knowledge, Practical Skills, Professional Growth, Objective Assessment, Confidence Boost, Certification, Practical Relevance, Skill Application, Networking and Personal Satisfaction. The certificate courses not only enriched student's knowledge but also provided them with tangible recognition for their efforts. These courses have undoubtedly contributed to their personal and professional growth, positioning them as well-rounded individuals equipped with specialized skills and expertise.
