**Report
Department of Chemistry**

Name of the Programme: Bridge Course

Date of the Programme: 30/09/2022

Venue of the Programme: Class Room No. 02

Number of beneficiaries/Participants: 42

Brief Summary of Programme:

In accordance with the established curriculum, a bridge course tailored for first-year Bachelor of Science (B. Sc.) students was successfully conducted in the starting of the month of September. This course was meticulously designed to provide essential foundational knowledge and skills to the students, facilitating a smooth transition into their academic journey. As an integral part of this initiative, a comprehensive examination took place on the 30th of September 2022, serving as a pivotal assessment tool for evaluating the students' grasp of the course material.

Following the examination, a diligent process of evaluating the answer papers was undertaken. Through this meticulous assessment, a list was compiled featuring five students (slow learner) who exhibited a gradual and steady pace of learning, as well as five students (advanced learner) who showcased an advanced understanding of the subject matter. This comprehensive list was then seamlessly forwarded to the finishing school, recognized for its expertise in refining students' aptitudes and abilities.
