Principal

A talk on 'Organ Donations in India' by Dr. Ritesh Sonawane

Organised by : Staff Academy

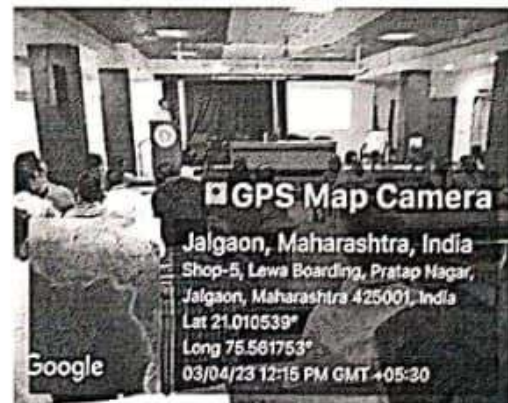

Date and time of the function : 03.04.2023, 012.00 p.m.

Number of beneficiaries: 53

Staff Academy of Dr. Annasaheb G. D. Bendale Mahila Mahavidyalaya organised a talk on 'Organ Donations in India' by Dr. Ritesh Sonawane, Assistant Professor, Government Medical College, Jalgaon on 3rd April, 2023 at 12.00 p.m. in Dhande hall of the college. He told that there is a wide gap between patients who need transplants and the organs that are available in India.

He also explained that transplantation of Human Organs Act (THOA) 1994 was enacted to provide a system of removal, storage and transplantation of human organs for therapeutic purposes and for the prevention of commercial dealings in human organs. Despite a facilitatory law, organ donation from deceased persons continues to be very poor. In India there is a need to promote deceased organ donation as donation from living persons cannot take care of the organ requirement of the country. Also there is risk to the living donor and proper follow up of donor is also required.

Principal Dr. Gauri Rane was president of the function. She explained the need of organ donations in India. Sayali K. Patil anchored the program. In this program, Yogesh Khairnar presented words of thanks. 53 staff members were present in the function.
